

İlgi'de kayıtlı yazımızda, ABD Genelleştirilmiş Tercihler Sistemi (GTS) uygulamasının 29 Haziran 2015 tarihinde ABD Başkanı tarafından onaylandığı, 31 Temmuz 2013 tarihinden itibaren geriye döntük olarak geçerli olmak üzere 31 Aralık 2017 tarihine kadar uzatıldığı ve 29 Temmuz 2015 tarihi itibarıyla yürürlüğe gireceği ifade edilmişti.

Bu defa Ekonomi Bakanlığı'ndan alınan yazılarda, bilindiği üzere bazı gelişme yolundaki ülkelerden ithal edilen seçilmiş ürünlerin gümrük vergisi muafiyetinden yararlanmasına imkân veren GTS rejimi kapsamında her yıl rekabet ihtiyacı sınırlarına (Competitive Need Limitations-CNLs) ilişkin olarak ürün kapsamının gözden geçirildiği, bu çerçevede, bir ürünün GTS muafiyetinin, ABD'nin faydalanıcı ülkeden yaptığı ithalatının söz konusu ürünlerdeki toplam ithalatının %50'sini veya değer bazında 165 milyon doları geçtiği durumunda ve herhangi bir istisna alınmaması halinde sona erdiği ifade edilerek, "Federal Register"ın 6 Temmuz 2015 tarih ve 80 sayılı nüshasında yayımlanan bir örneği ekli (Ek-1) duyurusuna göre 2014 yılı ithalat verileri esas alınarak "CNLs" kapsamında GTS rejiminin gözden geçirme sürecinin başlatılmış olduğu, gelişme yolundaki faydalanıcı ülkelerin 31 Temmuz 2015 tarihine kadar ABD Ticaret Temsilciliği (USTR) nezdinde bazı ürünler bakımından "CNLs"den istisna talebi başvurusunda bulunabileceği belirtilmektedir.

Bahse konu süre zarfında,

- De-minimis muafiyeti ("de-minimis waiver"),
- GTS'den faydalanmayan ürünlerin rejim kapsamına alınması ("redesignation"),
- "CNLs istisnasının iptali ("CNL waiver revocation"),
- En Az Gelişmiş Ülkelerden yapılacak 5 kalem pamuk ürünün GTS listesine dahil edilmesi,

hususlarında da yazılı yorumlar sunulabilecektir.

Anılan yazılarda ayrıca;

- 2014 yılında ülkemizin ABD'ye tek kalemlerde 165 milyon dolar üzerinde ihracatı olan bir ürün bulunmamasıyla beraber, söz konusu %50'lik "CNLs" kriterini aşan bazı ürünler bakımından istisna talebinin gündeme gelebileceği,

- Bu çerçevede, ilgili üründe ABD'nin faydalanıcı ülkeden ithalatı tüm ülkelerden ithalatının oran olarak %50'sini geçtiği ürünlerde, söz konusu ithalatın değer olarak 22 milyon doları aşmadığı hallerde "de-minimis muafiyeti" herhangi bir ön başvuru yapılmaksızın doğrudan yansıtılacağı, ülkemiz menşeli ithalatta söz konusu istisnadan faydalanacak ürünlerin ekte sunulduğu (Ek-2/Liste II),

- Önceki yılda GTS'den yararlanamayan bununla birlikte son takvim yılında ithalatın eşiklerini aşmadığı tespit edilen ürünlerin yeniden rejim kapsamına alınması hususu ("redesignation") ise prosedürlere uygun olarak yapılacak başvurular çerçevesinde değerlendirileceği, ülkemizden ithalatta söz konusu istisnadan faydalanılmasını teminen başvuru yapılabilecek ürünler arasında; ABD Armonize Tarife Sistemi'nin (HTS) 0711.90.30 (geçici olarak konserve edilmiş kapari), 0910.99.40 (kekik), 1806.20.22 (ağırlığı 2kg'dan fazla çikolata), 1901.20.05 (ekmekçi mamulleri karışımları), 2008.50.20 (kayısı pulpu), 2008.99.28 (konserve incir), 2515.12.20 (traverten), 6802.21.10 ve 6802.91.20 (yontulmuş kesilmiş travertenden esva), 7113.19.50 (kıymetli metalden mücevherci eşyası), 7408.19.00 (rafine edilmiş bakırdan teller) ve 7413.00.90 (bakırdan demetlenmiş teller, kablolar, örme halatları) pozisyonlarının yer aldığı (Ek-2/Liste III),

- USTR tarafından tanınan "CNLs" muafiyeti, değişen şartlar nedeniyle ihtiyaç olmadığına Başkan tarafından kanaat getirilene kadar yürürlükte kalmakla beraber, 5 yıldan uzun süredir "CNLs" muafiyeti kapsamında GTS rejiminden faydalanan herhangi bir ürünün toplam ithalattaki payının %75'i geçmesi halinde söz konusu muafiyetin geri alınmakta olduğu, ("CNL waiver revocation") bu kapsamda, 2008 ve 2009 yıllarından bu yana "CNLs" muafiyetinden yararlanan 7413.00.10 HTS pozisyonlu bakır kablo ve 7413.00.50 HTS pozisyonlu bakır kablo ürünlerinin ülkemizden ithalatı söz konusu %75 ithalat eşikini geçtiğinden GTS kapsamından çıkarılması hususunun gündeme geleceği (Ek-2/Liste IV), söz konusu ürünlerde de ek muafiyet başvurusunda bulunulmasının mümkün bulunduğu,

- Sonuç itibarıyla, 2014 yılında "CNLs" kriterlerini aşan ürünler 1 Ekim 2015 tarihinden itibaren GTS rejimi kapsamından çıkarılacak olup, USTR nezdinde yukarıda bahsedilen "CNLs" kriterlerinden muafiyet talebi başvuruları, tüm yazılı yorum ve 11 Ağustos 2015 tarihinde gerçekleştirilecek kamu dinlemesine katılım taleplerinin 31 Temmuz 2015 tarihine kadar yapılabileceği, kamu dinleme toplantısı sonrası yorum ve değerlendirmelerin sunum tarihinin ise 18 Ağustos 2015 olarak belirlendiği,

- Bahse konu yazıda devamla, Vaşington Ticaret Müşavirliğimizden alınan bir yazıya istinaden, GTS konusunda Amerika'da faaliyet gösteren Danışmanlık şirketleri yetkililerinin Ticaret Müşavirliğimizle gerçekleştirmiş oldukları ziyaretler sırasında yapılan görüşmelerden elde edilen bilgilere göre;

- Başvuruların ayrıntılı bir şekilde profesyonel bir yöntemle hazırlanması gerektiği, zira ihracatçı firmalar, İhracatçı Birlikleri, ithalatçı firmalar ve üreticiler tarafından olumlu ya da olumsuz anlamda başvuru yapılabileceği,

- "Süper" CNL grubunda (CNL Revocation) yer alan ülkemize ait iki ürünün CNL muafiyetinin devamı için bu ürünlerin henüz rekabete hazır olmadığı, GTS olmaksızın ayakta kalamayacağı ve üreticisinin sıkıntıya düşeceği gibi hususların detaylı bir şekilde başvuru metninde yer alması gerektiği,
- Yine aynı şekilde bahse konu iki üründe GTS'nin askıda olduğu iki sene boyunca yürürlükte olan gümrük vergisi yükünü fiyat kırarak ihracatçının mı, yoksa ABD'li ithalatçının mı üstlendiğinin yapılacak başvuruda önemli unsurlardan biri olduğu,
- GTS yıllık değerlendirmelerinde başvuruya konu ürüne ilişkin incelemenin yanı sıra ilgili ülkenin fikri mülkiyet (IP) haklarının korunması, pazara giriş koşulları ve işçi haklarının korunması gibi alanlardaki uygulamaların da dikkate alındığı, örneğin; Endonezya'nın bir ürüne ilişkin başvurusunun IP konusundaki olumsuz uygulamaları sebebiyle reddedildiği,
- USTR kaynaklı bilgiye göre ise 2014 yılı inceleme süresinin önceki yıllara nazaran çok kısa olması sebebiyle "de-minimis" kapsamındaki ürünlere otomatik olarak CNL muafiyeti tanınacak (liste II) olması, ancak Liste III kapsamındaki ürünlerin tekrar GTS kapsamına alınmasının reddedileceği, bu çerçevede "Super" CNL Başvurusuna ağırlık verilmesi gerektiğinin anlaşıldığı,
- Ayrıca 2015 yılı GTS gözden geçirme çalışmalarına ilişkin bir başka duyurunun da önümüzdeki aylarda USTR tarafından ayrıca yayımlanacağı,

ifade edilmektedir.

Federal Register / Vol. 80, No. 128 / Monday, July 6, 2015 / Notices

ACTION: Notice of hearing and solicitation of petitions and comments.

SUMMARY: This notice announces a review of products under the Generalized System of Preferences (GSP) program that based on full-year 2014 import data, was subject to certain actions related to competitive need limitations (CNLs). The review will also consider the proposed designation for GSP eligibility of five cotton products from least developed beneficiary developing countries (LDBDCs).

The Office of the United States Trade Representative (USTR) will accept petitions by interested parties seeking waivers of CNLs for certain products submitted by July 31, 2015. USTR will also accept comments from the public submitted by July 31, 2015, regarding: (1) possible *de minimis* CNL waivers, (2) possible redesignations of articles not currently eligible for GSP benefits, (3) possible revocation of CNL waivers, and (4) the proposed designation for GSP eligibility for LDBDCs of the five cotton products. This notice also sets forth the schedule for submitting comments and for a public hearing on prospective CNL waiver petitions and the proposed designation of the cotton products.

DATES:

July 31, 2015: Deadline for petitions requesting waivers of CNLs and for all other written comments in response to this notice.

July 31, 2015: Deadline for pre-hearing briefs and requests to appear at the August 11 public hearing regarding CNL waiver petitions and the proposed designation of the cotton products.

August 11, 2015: The GSP Subcommittee of the Trade Policy Staff Committee (TPSC) will convene a public hearing on CNL waiver petitions and the proposed designation of the cotton products.

August 18, 2015: Deadline for submission of post-hearing briefs and comments.

FOR FURTHER INFORMATION CONTACT: Mann Weaver, GSP Program, Office of the United States Trade Representative. The telephone number is (202) 305-2974, the fax number is (202) 305-9674, and the email address is MWeaver@ustr.eop.gov.

SUPPLEMENTARY INFORMATION:**I. Competitive Need Limitations**

The GSP program provides for the duty-free importation of designated articles imported from designated beneficiary developing countries (BDCs). The GSP program is authorized by Title V of the Trade Act of 1974 (19 U.S.C. 2461, *et seq.*), as amended ("the

1974 Act"). The GSP program expired on July 31, 2013. GSP was reauthorized on June 29, 2015, by the Trade Preferences Extension Act of 2015. The GSP program is now effective through December 31, 2017, with retroactive effect through July 31, 2013.

Section 503(c)(2)(A) of the 1974 Act sets out the two CNLs. When the President determines that a BDC exported to the United States during a calendar year either: (1) A quantity of a GSP-eligible article having a value in excess of the applicable amount for that year (\$155 million for 2014), or (2) a quantity of a GSP-eligible article having a value equal to or greater than 50 percent of the value of total U.S. imports of the article from all countries (the "50 percent" CNL), the President must terminate GSP duty-free treatment for that article from that BDC by no later than July 1 of the next calendar year, unless a waiver is granted. The Trade Preferences Extension Act of 2015 provides that the applicable deadline for all CNL-related actions based on import data from 2014, will be October 1, 2015.

***De minimis* waivers:** Under section 503(c)(2)(F) of the 1974 Act, the President may waive the 50 percent CNL with respect to an eligible article imported from a BDC if the value of total imports of that article from all countries during the calendar year did not exceed the applicable *de minimis* amount for that year (\$22 million for 2014).

Redesignations: Under section 503(c)(2)(C) of the 1974 Act, if imports of an eligible article from a BDC ceased to receive duty-free treatment due to exceeding a CNL in a prior year, the President may, subject to the considerations in sections 501 and 502 of the 1974 Act, redesignate such an article for duty-free treatment if imports in the most recently completed calendar year did not exceed the CNLs.

CNL waiver revocation: Under Section 503(d)(5) of the 1974 Act, a CNL waiver remains in effect until the President determines that it is no longer warranted due to changed circumstances. Section 503(d)(4)(B)(ii) of the 1974 Act, as amended by Public Law 109-432, also provides that, "in not later than July 1 of each year, the President should revoke any waiver that has then been in effect with respect to an article for five years or more if the beneficiary developing country has exported to the United States (directly or indirectly) during the preceding calendar year a quantity of the article— (i) having an appraised value in excess of 1.5 times the applicable amount set forth in subsection (c)(2)(A)(ii) for that calendar year (\$27.5 million in 2013);

or (ii) exceeding 75 percent of the appraised value of the total imports of that article into the United States during that calendar year."

Pursuant to the Trade Preferences Extension Act of 2015, exclusions from GSP duty-free treatment where CNLs have been exceeded for calendar year 2014 will be effective October 1, 2015, unless granted a waiver by the President. Any CNL-based exclusions, CNL waiver revocations, and decisions with respect to *de minimis* waivers and redesignations will be based on full 2014 calendar year import data.

II. 2014 Import Statistics

In order to provide notice of articles that have exceeded the CNLs for 2014 and to afford an opportunity for comment regarding (1) potential *de minimis* waivers, (2) potential redesignations, and (3) the potential revocation of waivers for articles exceeding the CNL waiver thresholds for 2014, USTR has posted product lists on the USTR Web site at <https://ustr.gov/issue-areas/trade-development/preference-programs/generalized-system-preference-gsp/current-review-0> under the title "GSP: 2014/2015 Limited Product Review." These lists can also be found at www.regulations.gov in Docket Number USTR-2015-0007. Full 2014 calendar year data for individual tariff subheadings may also be viewed on the Web site of the U.S. International Trade Commission at <http://dataweb.usitc.gov>.

The lists available on the USTR Web site contain, for each article, the Harmonized Tariff System (HTS) of the United States subheading and BDC country of origin, the value of imports of the article from the subject BDC for the 2014 calendar year, and that country's share of total U.S. imports of that article.

List I on the USTR Web site shows the following two GSP-eligible articles—both from Thailand—that exceeded a CNL in 2014 by having been exported in a quantity equal to or greater than 50 percent of the total U.S. import value, in 2014:

- HTS 2008.10.15—Coconuts otherwise prepared or preserved; and
- HTS 7408.29.10—Copper alloys (other than brass, cupro-nickel or nickel-silver), wire, coated or plated with metal

These products will be removed from eligibility for GSP for the subject countries on October 1, 2015, unless the President grants a waiver for the product for Thailand in response to a petition filed by an interested party.

List II identifies GSP-eligible articles from BDCs that are above the 50 percent

14.7.2015 / 3741

CNL, but that are eligible for a *de minimis* waiver of the 50 percent CNL. Articles eligible for *de minimis* waivers are automatically considered in the GSP annual review process, without the filing of a petition.

List III shows GSP-eligible articles from certain BDCs that are currently not receiving GSP duty-free treatment but that may be considered for GSP recognition based on 2014 trade data and consideration of certain statutory factors.

List IV shows the following three articles from specified BDCs that are subject to CNL waiver revocation based on the provisions of Section 503(d)(4)(B)(ii) of the 1974 Act, as amended by Public Law 109-332:

- HTS 4412.31.40—(for Indonesia) Certain plywood sheets not over 8 mm thick;
- HTS 7413.00.10—(for Turkey) Certain copper, stranded wire;
- HTS 7413.00.50—(for Turkey) Certain copper cables and plaited bands.

Petitions from interested parties seeking a waiver of the application of CNLs for the two products on List I, and comments from the public in support of or in opposition to CNL waivers, revocations of CNL waivers, and redesignation of products are invited in accordance with the Requirements for Submissions below.

III. Possible Designation of New Products

Pursuant to authority granted to the President in Section 202 of the Trade Preferences Extension Act of 2013 and consistent with USTR's December 2011 announcement of trade initiatives intended to enable least-developed countries to benefit more fully from global trade, five cotton products are being considered for GSP eligibility for LDBDCs at the initiative of USTR. These include:

- HTS 5201.00.15, 5201.00.28, and 5201.00.38—Certain cotton, not carded or combed, of various specified staple lengths;
- HTS 5202.09.30—Certain cotton card strips made from cotton waste; and
- HTS 5203.00.30—Certain cotton fibers, carded or combed.

Comments from the public in support of or in opposition to designation of the proposed product additions are invited in accordance with the Requirements for Submissions below.

IV. Petitions and Public Comments

The GSP regulations (15 CFR part 2007) provide the schedule of dates for conducting an annual review unless otherwise specified in a notice

published in the Federal Register. The schedule for the 2015 GSP Annual Review will be notified at a later date in the Federal Register.

In the interim, and pursuant to Section 203 of the Trade Preferences Extension Act of 2013, the GSP Subcommittee of the TPSC will conduct a limited GSP review encompassing products that, based on full-year 2014 import data, are subject to CNL-related actions, including exclusions, waivers, and revocation of waivers, as well as redesignations. These products appear on Lists I–IV described above. In addition, the review will also consider the designation of the five cotton products mentioned above as eligible for GSP benefits for LDBDCs of the GSP program.

As part of this limited GSP product review, the GSP Subcommittee will accept petitions from interested parties seeking a waiver of the application of CNLs for the two products on List I, described above. The GSP Subcommittee also invites comments in support of or in opposition to: (1) The CNL waiver petitions which it is anticipated will be submitted for the two products on List I; (2) *de minimis* waivers of CNLs (see List II); (3) redesignations of products that were previously excluded from certain countries based on CNLs (see List III); (4) revocation of CNL waivers (see List IV); and (5) the proposed addition to GSP eligibility for LDBDCs only of the five cotton products listed above.

Procedures for submission of both petitions and written comments are described in Section VI below.

V. Notice of Public Hearing

In addition to comments from the public on the matters listed above, the GSP Subcommittee of the TPSC will convene a public hearing at 9:30 a.m. on Tuesday, August 11, 2015, to receive testimony related to (1) the CNL waiver petitions for products on List I, and (2) the proposed designation of the five cotton products. The hearing will not address *de minimis* waivers, product redesignations, or CNL waiver revocations.

The hearing will be held at 1724 F Street NW., Washington, DC 20004 and will be open to the public and to the press. A transcript of the hearing will be made available on <http://www.regulations.gov> within approximately two weeks of the hearing.

All interested parties wishing to make an oral presentation at the hearing must submit, following the "Requirements for Submissions" set out below, the name, address, telephone number, and email address, if available, of the witness(es)

representing their organization by 5 p.m., Friday, July 31, 2015. Requests to present oral testimony must be accompanied by a written brief or summary statement, in English, and also must be received by 5 p.m., Friday, July 31, 2015. Oral testimony before the GSP Subcommittee will be limited to five-minute presentations that summarize or supplement information contained in briefs or statements submitted for the record. Post-hearing briefs or statements will be accepted if they conform with the requirements set out below and are submitted, in English, by 5 p.m., Tuesday, August 18, 2015. Parties not wishing to appear at the public hearing may submit pre-hearing and post-hearing briefs or comments by the aforementioned deadline.

VI. Requirements for Submissions

Written comments submitted in response to this notice, including petitions for CNL waivers, must be submitted electronically by 5:00 p.m., July 31, 2015, using www.regulations.gov, docket number USTR-2015-0007. Instructions for submitting business confidential versions are provided below. Hand-delivered submissions will not be accepted. Comments must be submitted in English to the Chairman of the GSP Subcommittee of the TPSC.

For CNL waiver petitions only: CNL waiver petitions must conform to the GSP regulations set forth at 15 CFR part 2007, except as modified below. These regulations are available on the USTR Web site at <http://www.ustr.gov/trade-topics/trade-development/preference-programs/general/india-system-preference-gsp/gsp-program-1>. Any person or party submitting a CNL waiver petition is strongly advised to review the GSP regulations as well as the GSP Guidebook, which is available at the same link. The requirements for CNL waiver petitions do not apply to other written submissions in response to this notice.

To make a written comment or to submit a CNL waiver petition using <http://www.regulations.gov>, enter the docket number for this review—USTR-2015-0007—in the "Search for" field on the home page and click "Search." The site will provide a search-results page listing all documents associated with this docket. Find a reference to this notice by selecting "Notice" under "Document Type" in the "Filter Results by" section on the left side of the screen and click on the link entitled "Comment Now." The <http://www.regulations.gov> Web site offers the option of providing comments by filling in a "Type Comment" field or by attaching a

38504

Federal Register / Vol. 80, No. 128 / Monday, July 6, 2015 / Notices

document using the "Upload file(s)" field. The GSP Subcommittee prefers that submissions be provided in an attached document. At the beginning of the submission, or on the first page (if an attachment), please note that the submission is in response to this Federal Register notice and indicate the specific product(s) that is the subject of the comment and on which of the relevant lists described above, (e.g., List I) it appears. Submissions should not exceed 30 single-spaced, standard letter-size pages in 12-point type, including attachments. Any data attachments to the submission should be included in the same file as the submission itself, and not as separate files.

Each submitter will receive a submission tracking number upon completion of the submissions procedure at <http://www.regulations.gov>. The tracking number will be the submitter's confirmation that the submission was received into <http://www.regulations.gov>. The confirmation should be kept for the submitter's records. USTR is not able to provide technical assistance for the Web site. Documents not submitted in accordance with these instructions may not be considered in this review. If an interested party is unable to provide submissions as requested, please contact the GSP program at USTR to arrange for an alternative method of transmission.

Business Confidential Submissions

An interested party requesting that information contained in a submission be treated as business confidential information must certify that such information is business confidential and would not customarily be released to the public by the submitter. Confidential business information must be clearly designated as such. The submission must be marked "BUSINESS CONFIDENTIAL" at the top and bottom of the cover page and each succeeding page, and the submission should indicate, via brackets, the specific information that is confidential. Additionally, "Business Confidential" must be included in the "Type Comment" field. For any submission containing business confidential information, a non-confidential version must be submitted separately (i.e., not as part of the same submission with the confidential version), indicating where confidential information has been redacted. The non-confidential version will be placed in the docket and open to public inspection.

Public Viewing of Review Submissions

Submissions in response to this notice, except for information granted "business confidential" status under 15 CFR 2003.6, will be available for public viewing pursuant to 15 CFR 2007.6 at <http://www.regulations.gov> upon completion of processing. Such submissions may be viewed by entering the country-specific docket number in the search field at <http://www.regulations.gov>.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Office of Commercial Space Transportation; Notice of Availability of the Final Environmental Assessment (Final EA), Finding of No Significant Impact (FONSI), and Record of Decision (ROD) for the Houston Spaceport, City of Houston, Harris County, Texas

AGENCY: Federal Aviation Administration (FAA), Department of Transportation.

ACTION: Notice of Availability of the Final EA and FONSI/ROD.

SUMMARY: In accordance with the National Environmental Policy Act of 1969, as amended (NEPA); 42 United States Code 4321 et seq.; Council on Environmental Quality NEPA implementing regulations (40 Code of Federal Regulations parts 1500 to 1508), and FAA Order 1050.1E, Change 1, *Environmental Impacts: Policies and Procedures*, the FAA is announcing the availability of the Final EA and FONSI/ROD for the Houston Spaceport.

FOR FURTHER INFORMATION CONTACT: Mr. Daniel Czetusniak, Office of Commercial Space Transportation, Federal Aviation Administration, 800 Independence Ave. SW., Suite 325, Washington DC 20592; phone (202) 267-5924; or email Daniel.Czetusniak@faa.gov.

SUPPLEMENTARY INFORMATION: The Final EA was prepared to analyze the potential environmental impacts of Houston Airport System's (HAS's) proposal to establish and operate a commercial space launch site at the Ellington Airport (EPD), in Houston, Texas and offer the site to prospective commercial space launch operators for the operation of horizontal take-off and

horizontal landing Concept X and Concept Z reusable launch vehicles (RLVs). To operate a commercial space launch site, HAS must obtain a commercial space launch site operator license from the FAA. Under the Proposed Action addressed in the Final EA, the FAA would: (1) issue a launch site operator license to HAS for the operation of a commercial space launch site at EPD; (2) issue launch licenses to prospective commercial space launch operators that would allow them to conduct launches of horizontal take-off and horizontal landing Concept X and Concept Z RLVs from EPD; and (3) provide unconditional approval to the Airport Layout Plan (ALP) modifications that reflect the designation of a spaceport boundary and construction of planned spaceport facilities and infrastructure. Proposed launch operations would begin in 2016 and continue through 2019 in accordance with the terms of the launch site operator license. HAS proposes to provide RLV operators the ability to conduct up to 50 launches and landings (or 100 operations) per year, with approximately five percent of the operations expected to occur during night-time hours.

The Final EA addresses the potential environmental impacts of implementing the Proposed Action and the No Action Alternative. Under the No Action Alternative, the FAA would not issue a launch site operator license to HAS, and thus no launch licenses would be issued to individual commercial space launch vehicle operators to operate at EPD. Also, there would be no need to update the EPD ALP, and thus there would be no FAA approval of a revised ALP. Existing operations would continue at EPD, which is currently classified as a general aviation reliever airport.

The environmental impact categories considered in the Final EA include air quality; climate; coastal resources; compatible land use; Department of Transportation Act Section 4(f); fish, wildlife, and plants; floodplains, hazardous materials, pollution prevention, and solid waste; historical, architectural, archaeological, and cultural resources; light emissions and visual impacts; natural resources and energy supply; noise; socioeconomic, environmental justice, and children's environmental health and safety risks; water quality; and wetlands. The Final EA also considers the potential secondary (induced) impacts and cumulative impacts.

The FAA has posted the Final EA and FONSI/ROD on the FAA Office of Commercial Space Transportation Web site: <http://www.faa.gov/about/>

(Docket No. SSA 2014-0051)

Privacy Act of 1974, as Amended; Computer Matching Program (Social Security Administration (SSA), Department of Veterans Affairs (VA), Veterans Benefits Administration (VBA)—Match Number 1309

AGENCY: Social Security Administration (SSA).

ACTION: Notice of a renewal of an existing computer matching program that will expire on April 01, 2015.

SUMMARY: In accordance with the provisions of the Privacy Act, as amended, this notice announces a renewal of an existing computer matching program that we are currently conducting with VA/VBA.

DATES: We will file a report of the subject matching program with the Committee on Homeland Security and Governmental Affairs of the Senate; the Committee on Oversight and Government Reform of the House of Representatives; and the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB). The matching program will be effective as indicated below.

ADDRESSES: Interested parties may comment on this notice by either telefaxing to (410) 986-0889 or writing to the Executive Director, Office of Privacy and Disclosure, Office of the General Counsel, Social Security Administration, 617 Altmeyer Building, 6401 Security Boulevard, Baltimore, MD 21235-6401. All comments received will be available for public inspection at this address.

FOR FURTHER INFORMATION CONTACT: The Executive Director, Office of Privacy and Disclosure, Office of the General Counsel, as shown above.

SUPPLEMENTARY INFORMATION:**A. General**

The Computer Matching and Privacy Protection Act of 1988 (Pub. L. 100-533), amended the Privacy Act (5 U.S.C. 552a) by describing the conditions under which computer matching involving the Federal government could be performed and adding certain protections for persons applying for, and receiving, Federal benefits. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101-508) further amended the Privacy Act regarding protections for such persons.

The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with

other Federal, State, or local government records. It requires Federal agencies involved in computer matching programs to:

(1) Negotiate written agreements with the other agency or agencies participating in the matching programs;

(2) Obtain approval of the matching agreement by the Data Integrity Boards of the participating Federal agencies;

(3) Publish notice of the computer matching program in the Federal Register;

(4) Furnish detailed reports about matching programs to Congress and OMB;

(5) Notify applicants and beneficiaries that their records are subject to matching; and

(6) Verify match findings before reducing, suspending, terminating, or denying a person's benefits or payments.

B. SSA Computer Matches Subject to the Privacy Act

We have taken action to ensure that all of our computer matching programs comply with the requirements of the Privacy Act, as amended.

B. PURPOSE OF THE MATCHING PROGRAM

The purpose of this matching program is to provide us with VA compensation and pension payment data. This disclosure will provide us with information necessary to verify an individual's self-certification of eligibility for the Extra Help with Medicare Prescription Drug Plan Costs program (Extra Help). It will also enable us to identify individuals who may qualify for Extra Help as part of our Medicare outreach efforts.

C. AUTHORITY FOR CONDUCTING THE MATCHING PROGRAM

The legal authority for VA to disclose information under this agreement is 1631(f) of the Social Security Act (Act) (42 U.S.C. 1383(f)). The legal authorities for us to conduct this computer matching are 1960D-14(a)(3), 1144(a)(1), and 1144(b)(1) of the Act (42 U.S.C. 1395w-114 and 1320b-14).

D. CATEGORIES OF RECORDS AND PERSONS COVERED BY THE MATCHING PROGRAM**1. SYSTEMS OF RECORDS**

VA will provide us with electronic files containing compensation and pension payment data from its systems of records (SOR) entitled "Compensation, Pension, Education, and Vocational Rehabilitation and Employment Records-VA" (58VA/21/22/28), republished with updated name at 74 FR 14865 (April 1, 2009) and last amended at 77 FR 42593 (July 19, 2012).

We will match the VA data with our SOR 00-0321, Medicare Database (MDB), last published at 71 FR 42169 (July 25, 2006).

2. NUMBER OF RECORDS

VA's data file will consist of approximately 4.9 million electronic records. Our comparison file contains approximately 90 million records obtained from the MDB. The number of people who apply for Extra Help determines in part the number of records matched.

3. SPECIFIED DATA ELEMENTS

We will conduct the match using the Social Security number, name, date of birth, and VA claim number on both the VA file and the MDB.

4. FREQUENCY OF MATCHING

VA will furnish us with an electronic file containing VA compensation and pension payment data monthly. The actual matching will take place approximately the first week of every month.

E. EFFECTIVE DATES OF THE MATCHING PROGRAM

The effective date of this matching program is April 02, 2015 provided that the following notice periods have lapsed: 30 days after publication of this notice in the Federal Register and 40 days after notice of the matching program is sent to Congress and OMB. The matching program will continue for 18 months from the effective date and, if both agencies meet certain conditions, it may extend for an additional 12 months thereafter.

GSP: Import Statistics Relating to Competitive Need Limitations (CNLs), Potential Revocations, De Minimis Waivers, and Product Redesignations

This document contains the lists referred to in the notice published in the *Federal Register* on July 6, 2015, entitled "Generalized System of Preferences (GSP): Notice of a GSP Product Review, Including Possible Actions Related to Competitive Need Limitations." These lists are provided for informational purposes only. Interested parties are strongly encouraged to independently research the 2014 trade statistics, using the U.S. International Trade Commission's (USITC) "dataweb" site, which can be found at http://dataweb.usitc.gov/scripts/user_set.asp.

List I shows GSP-eligible articles from beneficiary developing countries (BDCs) that exceeded a CNL by having been imported into the United States in 2014 in excess of \$165 million, or in a quantity equal to or greater than 50 percent of the total U.S. import value for this product in 2014. These products will be removed from eligibility for GSP for the subject countries on October 1, 2015, unless the President grants a waiver for the product for the subject country in response to a petition filed by an interested party. Such petitions for CNL waivers are due on July 31, 2015, as announced in the notice published in the *Federal Register* on July 6, 2015.

List II identifies GSP-eligible articles from BDCs that are above the 50 percent CNL but that are eligible for a *de minimis* waiver of the 50 percent CNL. Articles eligible for *de minimis* waivers are automatically considered in the GSP annual review process, without the filing of a petition. Public comments (including comments in support of or in opposition to *de minimis* waivers) are invited in accordance with the requirements for submissions set out in the notice published in the *Federal Register* on July 6, 2015.

List III shows GSP-eligible articles from certain BDCs that are currently not receiving GSP duty-free treatment but that may be considered for GSP redesignation based on 2014 trade data and consideration of certain statutory factors. Recommendations to the President on redesignations are normally made as part of the GSP annual review process, and public comments (including comments in support of or in opposition to redesignations) are invited in accordance with the requirements for submissions set out in the notice published in the *Federal Register* on July 6, 2015.

List IV shows articles subject to CNL waiver revocation based on the provisions of Section 503(d)(4)(B)(ii) of the 1974 Act, as amended by Public Law 109-432. Recommendations to the President on revocation of these waivers will be made as part of the GSP review process, and public comments (including comments in support of or in opposition to revocations of CNL waivers) are invited in accordance with the requirements for submissions set out in the notice published in the *Federal Register* on July 6, 2015.
